IN MEMORIAM

In memory of James Turner, who gave his life in defense of our country in Korea, 1951, who would have graduated with us this year--------whose loyalty we will always remember.

Dear friend, there is a shadow
That hides you from our view,
But we feel your presence in our class
In everything we do.
In our hearts, we hold your picture
More precious than silver or gold;
Your smiles will live forever--
Your memory will never grow old.

DEDICATION

To those boys who have left our class, and who are serving in the armed forces of our country, who's enthusiasm and loyalty for a democratic way of living has made them defenders of the American Flag, we, the Seniors of the Class of 1952 wish to dedicate this yearbook. The Rossonian .

CLASS PROPHECY

Goodness, Gracious, Jumpin' Junipers: where are all those people going? Well, I found out. It's the class of "52" from Ross High School. They're going to Washington for a week-end visit at the White House with Betty Franzmann, President of the United States, as their hostess. The qualification for the Presidency requiring one to be thirty-five has been lowered to enable women, who never reach thirty-five, to hold that office. While Betty is back viewing the home state, the work is carried on by the Vice President, Frances White. As a reporter for the New York Times, I am to cover this interesting visit as we go. This trip is being made by T. W. A. with Fred Dodds, a very able pilot, at the controls, and Marilyn Sexton as our congenial, smiling, stewardess. As we converse we are discovering that the class of "52" has really sent forth some outstanding material. If you'd like some excellent plans for a home call James Doss, the architect who planned the White House and then get Dale Jamison and Johnny Engel, who built it, to lay the bricks for you and I know you'll have a grand home. Did you say to serve lunch? There's so much racket I can hardly hear. Oh, you got your land surveyed by Jerry Allen, the best surveyer to be found. Someone who certainly is making great progress in the field of electrical engineering is none other than John DeLong. Gracious, someone almost missed the plane. It's Dorothy Endress, world's most noted designer. She's just in from Paris where she's been getting ideas for designing clothes for Hollywood's best dressed actress, Patsy Stemmer, and Miss America of '53, Shirley Hunter. She isn't "miss" now. We started this trip in Chicago where George Sauer has his private studio for broadcasting sports around the world. He's kept busy with news of "Mr. Touchdown U. S. A.", Charlie Kimble, who is now coach at Rossville University and Margie "Swift" Turner (Mrs. Tom Gadd) winner of the world track meet. That's how she caught Tom. As we fly over Indiana we get out our telescope and take a look at the most prosperous farm in the state, owned by Donald Morris and run by Gayle. When talking of Hollywood we missed Virginia "Red" Fletcher who had her debut in "Every Family Has One" and is now a well known actress. My! Is the navy going with us? Oh no, it's the admiral of the navy, Paul Rice. Well, look who's here, Jack Heck, the big (in more ways than one) business man who dictates 200 words a minute, at his Atomic Energy Commission Project. This seems slow to his whiz stenographer, Raymond Hoskins, who can take 300 words a minute and can type 150 words a minute. Just call him "speedy." We are stopped, to load more passengers, at Millshanven, formerly Millville, Shandon, and Venice. Instead of eating on the plane, everyone seems to be flocking over to "Perp's" Grand, Super-Duper Restaurant, which is run by Dorothy "giggles" Perpingon. We are now being entertained by Jean Thompson, nation's famous dancing star, teacher of "Thompson Dancing School." Who is that sitting over there? Why it's Donna Strickler, professor at America's finest commercial school, "Ferguson Institute." Well, what are we stopping here for? Ask the pilot if there's trouble. There certainly is for it's Kenny Vaughn getting on. It seems that he is the wanderer of the class for he has been traveling all over and publishing exciting books of his adventures. The Constitution of the United States has been completely revised. The composer of the new constitution is Joseph Hacker, the distinguished author.

There it is, at last and there's the President waiting for us. With her is her private secretary, Mrs. Vernon Lewis, formerly Mary Lou Morris, who is to keep an accurate record of the "doings" of this visit. Her arm will certainly be tired. It looks like everyone is here. As we are counting, to make sure, in dashes Mrs. John Engel, formerly Margie Andes, who is now chief justice of the supreme court. She was late because the court was trying to make a decision as to whether assignments are constitutional or unconstitutional. There is certainly evidence that we are in for a very enjoyable visit. For details of our visit, read the New York Times.

THE ADMINISTRATION

THE ROSS FACULTY HAS TWENTY-TWO EXCELLENT TEACHERS WHO DESERVE OUR THANKS. WE HAVEN'T ALL HAD THE SAME TEACHERS BECAUSE THROUGH THE YEARS THEY CHANGED FROM TIME TO TIME, BUT WE WANT TO SAY THANKS TO OUR PRESENT FACULTY. BECAUSE OUR SCHOOL IS SMALL, OUR TEACHERS HAVE BEEN ABLE TO TAKE A PERSONAL INTEREST IN ALL OF US, WHICH HAS MADE OUR LEARNING EASIER AND MORE FUN.

IN ADDITION TO THE FACULTY WE WANT TO EXPRESS OUR APPRECIATION TO THE FOLLOWING PEOPLE WHO WE FEEL HAVE AIDED US IN OUR QUEST FOR AN EDUCATION.

WE WISH TO THANK OUR SUPERINTENDENT, MR. FINKBINE, AND OUR PRINCIPAL, MR. CLEAVER FOR THEIR HELP AND GUIDANCE THROUGH THE YEARS OF OUR STAY AT ROSS.

— THANKS TO YOU —

WE, THE SENIOR CLASS, ARE PROUD OF THIS EDITION OF THE ROSSONIAN, BUT WE REALIZE THAT WE, ALONE COULD NOT HAVE MADE THIS BOOK A SUCCESS. WE SINCERELY APPRECIATE THE ASSISTANCE GIVEN US BY THE MERCHANTS IN PURCHASING ADVERTISEMENTS. WE WISH ALSO TO EXTEND APPRECIATION TO THE OSBORNE STUDIO FOR ITS FINE PHOTOGRAPHY. LAST BUT NOT LEAST, WE WISH TO THANK THE FACULTY AND OUR ADVISER FOR THEIR CO-OPERATION.
